

AMBULANCE ONLY

Because Medicare doesn't cover the cost of an expensive ride.

Benefits are only payable for ambulance services within Australia that are:

- ✓ Provided by a State or Territory Ambulance Service; and
- ✓ Defined by the relevant service provider as **emergency** ambulance transport; or
- ✓ Where an ambulance is called to attend an **emergency** but on arrival is no longer required; or
- ✓ Defined by a treating doctor as medically necessary transport.

! IMPORTANT INFORMATION

Ambulance services are provided for Queensland and Tasmanian residents under state based schemes. Ambulance cover is not included in health cover for residents of these states.

This fact sheet must be read in conjunction with the **nib Using Your Health Cover Guide**.
Information is correct as at June 2012.
