Mid No Maternity

A mid-range hospital option that covers you for the hospital services that are important – including heart and theatre fees. It's balanced cover that lets you claim on the services you need at this stage in your life without having to pay for the things you don't.

Excess

You have the option of taking out an excess. An excess is a simple and effective way to reduce your health cover premiums without reducing your level of cover.

You'll only pay the excess if you stay in hospital overnight and you'll only pay it once per member, per calendar year, regardless of how many times you may need to stay in hospital. You won't be required to pay an excess for same day procedures.

Your options are:

- \$300 per member up to a maximum of \$600 per couple/family membership per calendar year.
- \$500 per member up to a maximum of \$1000 per couple/family membership per calendar year.
