daily co-payment

A daily co-payment of \$70 applies to StepUp. This means that if you go into hospital you will pay \$70 for every day that you are there, up to a maximum of 6 days per person or 12 days per family in a calendar year. So, if you are admitted to hospital for two days, you will pay a co-payment of \$140. Co-payment does not apply for any dependant children on the policy.

gap assist*

To further help you reduce your out-of-pocket expenses as a result of hospitalisation, StepUp also includes a medical gap benefit called Gap Assist, \$100 per person per calendar year towards out-of-pocket expenses.

#All hospital services provided in a public hospital are eligible for Minimum Default Benefits. These benefits are stipulated by the Department of Health and Ageing and listed in the relevant Private Health Insurance (Benefit Requirement) Rules. Some public hospitals may charge above the Minimum Default Benefit for shared room accommodation. Please note that fees charged in excess of Minimum Default Benefits are an out-of-pocket expense and are not eligible for reimbursement under CBHS policies.

what's not covered?

- ✗ If a member is admitted into a private hospital for restricted services benefits are payable only at the minimum rate specified by law. These benefits may only provide a benefit similar to a public hospital shared room rate. These benefits may not be sufficient to cover admissions in a private hospital
- ✗ Hospital services received within policy waiting periods
- ✗ Nursing home type patient contribution, respite care or nursing home fees
- ✗ Take home/discharge drugs (non-PBS drugs may be eligible for benefits from your Extras cover)
- ✗ Aids not covered in hospital agreement (may be eligible for benefits from your Extras cover)
- ✗ Services claimed over 24 months after the service date
- ✗ Services provided in countries outside of Australia
- ✗ Prostheses used for cosmetic procedures, where no Medicare benefit is payable
- ✗ Ambulance transfers between hospitals
- ✗ Fees raised by public hospitals that exceed Minimum Default Benefits set by the Department of Health and Ageing for shared room accommodation

*restricted benefits (services) not fully covered

The services listed below, when provided in a private hospital, are eligible for Minimum Default Benefits prescribed by private health insurance legislation. These benefits relate to hospital bed charges and are unlikely to cover the fees charged for a private hospital admission. Members may incur large out of pocket expenses for theatre fees together with the difference between the Minimum Default Benefit and the bed charge raised by the hospital.

The services listed below are also eligible for hospital benefits in a public hospital at a shared room rate. Public hospitals do not raise charges for theatre use.

- ▶ major eye surgery services (corneal transplant, cataract surgery, other lens related surgery services)
- ▶ joint replacement services (hip, knee, ankle and shoulder)
- ▶ sterilisation and reversal of sterilisation services
- ▶ cardiothoracic services
- ▶ bariatric (gastric banding, sleeve gastrectomy, gastric by-pass) services
- ▶ psychiatric services
- ▶ rehabilitation and palliative care services
- ▶ plastic and reconstructive surgery services
- ▶ services for which a Medicare benefit is not payable

waiting periods

| hospital waiting periods | calendar months |
|--|-----------------|
| Pre-existing condition, pregnancy related services | 12 months |
| All other treatments | 2 months |
| Accidents ^A , injuries and emergencies | 1 day |
| Emergency ambulance transport | |

^AAccident means an injury inflicted as a result of unintentional, unexpected actions or events that require treatment by a registered practitioner, but excludes pregnancy.

understanding StepUp hospital cover

what are pre-existing conditions and why are they important?

If a member has a pre-existing condition, a waiting period of 12 months will apply before we will pay hospital or medical benefits towards any treatment for that condition.

A pre-existing condition is an ailment or illness for which the signs or symptoms were evident up to 6 months before a person became insured by a policy. It is the opinion of the CBHS appointed doctor that determines whether the signs or symptoms were in existence – that doctor, however, will have regard to any information provided by the member's doctor.

Members must also wait for 12 months to be covered for pre-existing conditions where they upgrade their cover.

emergency ambulance

StepUp includes emergency ambulance services when transported directly to hospital or treated at the scene due to a medical emergency. Transport must be provided by a State Government ambulance service or a private ambulance service recognised by CBHS (such as Royal Flying Doctor Service).

Residents of QLD and TAS are the only states covered under their state based ambulance schemes.

going into hospital

- ▶ Contact us to confirm what you are covered for and to check if any waiting periods apply
- ▶ Check if your hospital has an agreement with CBHS
- ▶ Obtain a quote from your treating doctor/surgeon

access to private hospital

CBHS holds agreements with an extensive range of Australian private hospitals and day surgeries. These agreements ensure hospital fees including bed fees, theatre and labour ward and intensive care fees are covered when admitted as a patient to hospital (subject to your level of cover).

For charges incurred in a non-agreement hospital members may only receive benefits similar to a public hospital **shared room rate** which can result in substantial out-of-pocket expenses. Should you choose a hospital that holds an agreement with CBHS, you reduce, if not eliminate, out-of-pocket expenses for hospital fees.

To check if your hospital holds an agreement, visit our website at cbhs.com.au or contact Member Care on **1300 654 123**.

claiming your benefits

non-admitted medical services

Claims for medical services provided in a hospital, day surgery, private emergency facility or doctors rooms as a non-admitted patient must be submitted directly to Medicare only. These services include, but are not limited to imaging, blood tests (pathology) and specialist/doctors consultations.

hospital claims

Hospitals will bill CBHS directly. If you are required to contribute to your admission (for example a co-payment or are admitted for restricted services) you will be required to pay this directly to the hospital. Please check with the hospital whether you have to pay this upon admission or if they will bill you.

admitted hospital medical services*

We pay up to 25% of the MBS fee, while Medicare pays the other 75%. If charges are more than the MBS fee, then a gap payment arises.

medicare benefits schedule fee

75% covered by Medicare

up to 25% covered by CBHS

Services that do not attract a benefit from Medicare will be subject to restricted benefits only. This means that you may face significant out-of-pocket expenses for both hospital and medical services.

- ▶ Doctors will give you an account for their services. Take this account to Medicare first
- ▶ Complete a Two-Way form in order for Medicare to forward your claim to CBHS for the Fund benefit to be paid

** A member will incur substantial out of pocket expenses if they are not entitled to Medicare Benefits (i.e Non-Australian Residents).*

access gap cover

Many people admitted to hospital as private patients can find themselves faced with out-of-pocket expenses, or 'gaps'.

Access Gap Cover (AGC) is a medical gap cover arrangement designed to minimise or eliminate out-of-pocket expenses for medical procedures conducted in hospitals or day surgery facilities as an admitted patient.

advantages of access gap cover

- ▶ As a patient, you will receive an estimate of doctors fees prior to your treatment
- ▶ Doctors may claim directly from CBHS on your behalf (including the Medicare benefit)
- ▶ No more Medicare queues

Go to cbhs.com.au for more information on Access Gap Cover or to search for Access Gap Cover participating doctors.

Doctors using Access Gap Cover will usually bill CBHS directly. CBHS claims the Medicare benefit on your behalf and sends payment, including the Medicare and Fund benefits, directly to your doctor. If your doctor sends the account to you, please forward it on to CBHS, clearly identifying it is to be claimed through Access Gap Cover. **Do not take accounts to Medicare first.**

adding your new baby to your membership

When notifying CBHS of a new addition to your family you will need to provide your baby's full name, date of birth and gender.

| family cover | singles cover |
|---|---|
| If you have family cover, all waiting periods will be waived for your baby as long as you notify CBHS within two calendar months of the birth. | If you have singles cover, all waiting periods will be waived for your baby if you upgrade to family cover or sole parent cover within two calendar months of the birth. |

This upgrade must take effect from the date your baby was born.

understanding your StepUp extras cover

how do my extras benefits work?

CBHS Extras benefits for StepUp are based on 70% with the exception of our Wellness Benefits which are 90% of the cost the provider charges you, up to a set benefit per service which is capped by an overall limit.

Below is one example of how the Extras benefits work, depending on the service fee the dentist charges.

- ▶ Dentist fee = \$50
- ▶ 70% of service fee = \$35, which is more than the service limit (\$28)
- ▶ Benefit payable = \$28

benefit period

Each group of services within Extras and Package covers have an overall limit on the amount you can claim. Most limits are based on per person per calendar year, unless otherwise stated in our Extras table.

Benefits which attract a 3 and 5 year period are entitled to have the benefit renewed on the same date which the service was performed respectively.

Benefits which attract a 'lifetime' period; lifetime means the period commencing on the date the member was first insured and ceases to be insured by CBHS (irrespective of any suspension of membership or other period without cover).

waiting periods

| extras waiting periods | calendar months |
|--|-----------------|
| Crowns and bridges, orthodontia, artificial aids, healthcare appliances, oxygen apparatus and hearing aids | 12 months |
| Prescribed optical appliances, periodontics, endodontics, inlays/onlays, facings, dentures & implants | 6 months |
| All other services | 2 months |

dental choice network

The dental Choice Network is a group of dental service providers who have committed to reducing or removing the gap for **selected preventative dental** services that you would usually pay between the dentist's charges and the CBHS benefit. By choosing to use a dentist in the network you will have no out-of-pocket expenses for these selected services.

optical choice network

By visiting an optical Choice Network provider, you may receive benefits up to 100% (rather than a benefit of 70% of the cost of the service from a non-Choice Network provider) of the cost of services, **optical frames, lenses and contact lenses** up to the maximum per service and overall limits. These services may also be subject to known gaps, where you will know in advance the out-of-pocket expenses you may incur.
