Want a mix of the very best hospital and extras cover we offer?

With LifeChoice Plus you can be looked after in one of over 500 private hospitals we have an agreement with for all major and minor operations.

The cover can be used for hip or knee replacements, heart and eye related treatments – and a great deal more. If you're considering having children it's worth noting that midwife and homebirth services are included.

You can choose LifeChoice Plus with or without an excess:

- LifeChoice Plus with no excess
- LifeChoice Plus with \$250 excess

If you choose an excess option, you will only pay an excess on the first hospital admission each year for singles cover, or for the first two hospital admissions each year for couples or family cover.

Additional information

Planning a family

It is important that members with a single health cover upgrade to a family level of cover once you receive confirmation of pregnancy. This will ensure your baby will be covered at birth, and in the event of any complications found during pregnancy, provided waiting periods have been served.

Waiting periods

Waiting periods apply to all hospital and medical treatments and services. Benefits are not payable until completion of the following waiting periods:

- 2 months – psychiatric, rehabilitation and palliative care
- 9 months – pregnancy and related services in shared room in a public hospital
- 12 months – pregnancy and related services in an agreement private hospital
- 12 months – all pre-existing conditions except psychiatric, rehabilitation and palliative care

Members transferring from another health fund to an equivalent level of cover will not have to re-serve these waiting periods. To check if a waiting period applies, please contact Australian Unity on 13 29 39.

Pre-existing conditions

A pre-existing condition is any illness, ailment or condition, the signs or symptoms of which were known, or which a medical or paramedical practitioner appointed by us considers, after examining information furnished by your doctor, and any other relevant information, were in existence at any time during the six months ending on the day on which you became insured. This is irrespective of whether you were aware of the illness, ailment or condition.

Restricted benefits

Restricted benefits are Hospital benefits that are limited to a basic default benefit. This is the minimum dollar amount set by the Australian Government for accommodation as a private patient in a shared ward or room of a public hospital. A restricted benefit does not provide any benefits for intensive or coronary care, labour ward or theatre fees in a private hospital or private day centre. Contact Australian Unity for applicable benefit entitlements.
