Understanding Private Hospital Saver

Important Information

Prior to treatment in a private hospital

1. Contact us to :

- Ensure you are covered for the treatment / surgery and to check if any waiting periods apply
- Check if your hospital of choice has an agreement with us.

2. Obtain a quote from your treating doctor or specialist.

Ask your doctor or specialist:

- If they will bill you as an Access Gap Cover patient, as this may reduce or eliminate your out-of-pocket expenses
- For Informed Financial Consent so you are aware of any doctor or specialist-related out-of-pocket expenses including anaesthetist or assistant surgeon's fees.

Definitions

Agreement Private Hospital

An Agreement Private Hospital is a national network of participating private and same day hospitals with accommodation and theatre arrangements, specifically negotiated for members of Teachers Health Fund. If you choose a hospital that does not have an agreement in place, you may incur significant out-of-pocket expenses. Over 90% of Australian hospitals and day surgeries have an agreement with Teachers Health Fund.

Access Gap Cover

Access Gap Cover is a billing scheme that aims to reduce or eliminate your out-of-pocket expenses for doctors and specialist services received in hospital.

You can search for a list of doctors and specialists who have utilised Access Gap Cover in the past [via the Access Gap Cover search](#). However, this does not guarantee that they will agree to apply this scheme to every patient. It pays to always ask.

Pre-existing conditions

A pre-existing condition is an illness, ailment or condition where the signs or symptoms existed at any time during the six months before taking out private health insurance or transferring to a higher level of cover. This rule applies to new members to private health insurance and existing members who are upgrading their level of cover.

If you are a new member to private health insurance you will have to wait 12 months before you can receive benefits for items or services related to a pre-existing condition.

If you change to a higher level of cover, you may have to wait 12 months to receive benefits, including benefits for services not previously covered.

A 12 month waiting period applies to all pre-existing conditions except pregnancy and birth related services (nine month waiting period) and psychiatric, palliative care and rehabilitation (two month waiting period).
