## Exclusions

On this product there are certain services which are excluded. This means if you need treatment for any of those procedures, you will not receive any benefits from HCF towards your hospital and medical costs and you may have significant out-of pocket expense. Please ensure you have reviewed the exclusions before purchasing this product.

If a service is not covered by Medicare there will be no benefit payable on your hospital cover so you should always check with us to see if you're covered before receiving treatment.

## Minimal benefits

If you choose a product which has minimal benefits for some procedures, then you'll be covered in a public hospital shared room, but your private hospital costs won't be fully covered. This means you may face significant personal expenses if you have any of these procedures in a private hospital.

To be certain of what you're covered for, always check with HCF before attending any hospital.

## Hospital benefits and 'the gap'

Hospital benefits are payable to persons who are formally admitted hospital patients at the time of the service. If you are a private patient in a non-participating private hospital, you may face a large gap, depending on the hospital charges. Prior to treatment, please check with your doctor to obtain Medicare item numbers and call HCF to clarify benefits payable.

Medical Gap: Medicare will cover 75% of the Medicare Benefits Schedule (MBS) fee for medical charges and HCF will cover the remaining 25%. Some doctors may choose to charge more than the MBS fee and this is when you may face additional expenses, known as the "Medical Gap".

HCF has no-gap arrangements to assist you in eliminating the gap. Always ask your doctor what your charge will be and if they'll participate in HCF's no-gap arrangement for your procedure. If you still have questions, call HCF on **13 13 34**.

For this product you have no excess for hospital admissions in the event of an accident or for dependant children.

## Conditions applying to Budget Hospital

### Excess Options

Excess options means a nominated amount a member pays per calendar year when admitted to hospital. If hospitalised, the total excess option will apply once per person in a calendar year.
