Complete Hospital Cover

Complete Hospital is our highest level of hospital cover.

Complete Hospital fully covers you for a private room in a public hospital or a GMF Health contracted private hospital.

Complete Hospital covers you for a range of services often excluded in other products including ambulance, dialysis, gastric banding, obesity surgeries and other related services, coronary/ heart and cardiothoracic, joint replacement, major eye surgery, maternity and assisted reproductive services, plastic and reconstructive and psychiatric.

Excess

You have the option of taking out an excess. An excess is a simple and effective way to reduce your health cover premiums without reducing your level of cover.

You'll only pay the excess if you stay in hospital overnight and you'll only pay it once per member, per calendar year, regardless of how many times you may need to stay in hospital. You won't be required to pay an excess for same day procedures.

Your options are:

- \$300 per member up to a maximum of \$600 per couple/family membership per calendar year.
- \$500 per member up to a maximum of \$1000 per couple/family membership per calendar year.
