Waiting Periods and Pre-Existing Ailment Rule

The following Waiting Periods and the Pre-existing ailment rule apply to all members who join the Fund, or upgrade their level of hospital cover. Members who transfer to HIF from another registered health fund will not be subject to these restrictions if they have already served the waiting periods on an equivalent level of cover. These limitations are in addition to those limits, restrictions and exclusions as specified for members of GoldStarter.

Waiting Period	Condition
2 Months*	General hospitalisation (not associated with a pre-existing ailment)
12 Months*	All treatment in relation to a pre-existing ailment or condition

*Pre-Existing Ailment Rule

The Pre-Existing Ailment Rule is an industry standard rule designed to ensure that long-term members are not financially disadvantaged by new members who join a table and seek to claim for conditions of which signs or symptoms would have been in place at the time the cover was commenced.

The rule states; "The Fund may not be required to pay benefits for a period of 12-months if the pre-existing ailment rule is applicable. A pre-existing ailment is an ailment or condition of which the signs or symptoms were in evidence at any time during the six months prior to when the member joins the Fund or upgrades to a higher level of cover".

If the Fund considers that the pre-existing ailment rule may be applicable, benefits will not be paid until the fund has been satisfied, through the production of suitable medical evidence, that the condition or signs or symptoms relating to the condition were not in place at the time the cover was commenced. HIF will appoint a medical adviser to determine, from the information provided by the patient and the treating/referring practitioner, if the claim will be revoked.

Ineligible Services and Providers

Benefits are not payable until the service has been completed. The benefit cannot exceed the cost of the service.

You are not entitled to claim a rebate if you can claim from another source including your employer, other insurance policy or workers compensation. Where benefits are available from another source, HIF may pay a Benefit such that the total rebate from all sources does not exceed the actual charge of the service claimed.

A Benefit is not payable where a person who is direct relative of the member provides the service.

To be eligible for a Benefit, the person providing the service MUST be registered with HIF to perform that service.
