## Excess

You can reduce your premium by selecting one of the following calendar year excess options:

| Excess Table                                 | Level 1 Excess | Level 2 Excess |
|--|----------------|----------------|
| Admission Excess Private Hospital Overnight  | \$250          | \$500          |
| Admission Excess Public Hospital or Day Stay | \$125          | \$250          |
| Maximum Annual Excess (per person)           | \$250          | \$500          |
| Maximum Annual Excess (single)               | \$250          | \$500          |
| Maximum Annual Excess (family)               | \$500          | \$1,000        |
| Waived for dependants under 21               | Yes            | Yes            |

Excess - Hospital only - An excess is deducted from the benefit paid by GMHBA Health Insurance. For example, if GMHBA Health Insurance's full benefit for a hospital stay was \$5,000 and the member has a \$250 excess on their hospital cover, the benefit would reduce by the amount of the excess and an adjusted benefit of \$4,750 would be paid to the hospital.

Where one member of a couple, family or single parent excess cover is admitted to hospital they will only pay a maximum amount per person as opposed to the maximum amount per membership. This is usually half the maximum annual excess per policy.

Limited benefits may apply to cosmetic surgery and high cost drugs. Drugs purchased outside of the hospital are not included. You may be subject to doctor's waiting lists in a public hospital. Default benefits are paid for all public hospital episodes.

<sup>&</sup>lt;sup>2.</sup> Benefits are no higher than the No Gap Government prescribed benefit

<sup>#</sup> Other private hospitals – fixed benefits are payable in non-participating private hospital.

## What is medical gap cover?

GMHBA's medical gap cover is a billing system that provides higher benefits than the scheduled fee which will reduce or even eliminate your out-of-pocket costs for doctor or specialist fees when treated in hospital.

## **FIT Ultra Packages**

FIT Ultra packages provide increased medical gap cover. Where the actual fee for the anticipated service is greater than the MBS fee, an additional medical gap benefit will be paid for you, which in most cases will be excess of 20% of the MBS fee for each service, as paid under our FIT Standard package. The additional medical gap benefit will vary be eligible service, please contact GMHBA prior to treatment to determine your additional medical gap benefit.

FIT Top package provides higher medical gap benefits for injuries more likely to occur playing sports for the following MBS item numbers:

- Knee arthroscopes: 49557 - 49566

Knee reconstructions: 49536,49539,49542

Fractured clavicles: 47462, 47465

- Fractures to the wrist: 47369,47372,47375

Fracture to the hand: 47348,47351,47336,47339,47342,47345,47354,47357

Shoulder reconstruction: 48960

Ankle reconstruction: 49709,49718,49724

Please note: additional medical gap benefits may not be payable towards the cost of imaging or pathology services. Contact GMHBA on 1300 446 422 for details.

#### Our medical gap cover options

If your doctor or specialist is one of more than 14,000 who choose to participate in GMHBA's medical gap cover system, two options are available for our hospital products:

# Option 1 – Known Gap

Your doctor chooses to use GMHBA's medical gap cover system and charges a known patent gap (an amount higher than the scheduled fee). To participate, your doctor must inform you in writing of the cost of the anticipated services, the Medicare and GMHBA benefits and the patient gap before any treatment commences. They must bill us directly for the GMHBA and Medicare benefits. We will arrange to pay these benefits direct to your doctor and all you will need to pay is the known gap.

# Option 2 – No Gap

If your doctor chooses to use our medical gap cover and not charge a patient gap, your GMHBA benefit and the Medicare benefit will fully cover the doctor's charges. In these instances, your doctor will bill us directly and you will pay nothing.

## **Waiting periods**

Waiting periods exist to protect members from claims made by those who join the fund or increase their level of cover because they have an ailment or illness that may require treatment.

Waiting periods will apply to:

- New memberships (previously uninsured).
- Additions to a membership (unless the addition/s has already served all waiting periods with GMHBA or another fund) except newborns, adopted and permanent foster children where the family membership has been in existence for at least 2 months.
- Existing GMHBA memberships, and transfers to GMHBA from another fund where the level of cover and/or benefit entitlement is upgraded or increased and/or where the waiting periods have not been completed.

# Pre-existing conditions and waiting periods

Waiting periods apply to new members who have a pre-existing condition. The waiting period also applies to existing members who have recently upgraded their level of hospital cover.

If the ailment, illness or condition is considered pre-existing:

- New members must wait 12 months for any hospital benefits.
- Members transferring/upgrading to a higher hospital cover including Pregnancy must wait 12 months to get the higher hospital benefits. Existing members with at least 12 months membership in total across their old and new cover are entitled to the lower benefits on their old cover.

# **Benefit limitation periods**

During your first 24 months of cover – after the standard hospital waiting periods have been served you are subject to benefit limitations on selected services. This means that the benefits payable on these services are limited to receiving the public hospital default benefits only, during the 24 month benefit limitation period. Once the waiting period and benefit limitation period has been served, you will have access to the benefits applicable on your level of cover

There are further sub limits within some of these dental services, eg. The individual benefit for one crown on FIT Top Package is \$225.

General dental: There are a range of dental procedures which cannot be claimed on the same day by the same provider. There are also limits on the number of dental procedures you can have. Dental benefits will not be paid unless tooth identifications are supplied by the provider.
